Australia defines itself as multicultural and has come to establish ever-stronger ties with its South East Asian neighbours. Yet its culture, institutions and economy continue to be shaped by European ideas and practices.

The aim of the conference is to promote a wider understanding of contemporary Europe and its relationship to Australia and the Pacific Area. It will include presentations by a number of international experts, on the following themes, as well as a public lecture.

- The EU as political space: democracy, citizenship
- Economic and legal dimensions of European Integration
 - The EU as international actor: the EU and the World, the EU and the Asia Pacific region
 - The EU as space of immigration and mobility
- Unity in diversity: values, identity, culture in the EU
 - Contemporary Italy in Europe and Australia

In addition to a guest speaker, the conference dinner, to be held at the **Immigration Museum** in the beautifully restored **Old Customs House**, will provide delegates with the opportunity to tour through the current exhibitions.
